What are we doing right now?

Embark on the Future of Home Searching with IHOUSE.

At IHOUSE, we're dedicated to enhancing your home-searching journey. Currently, we are in the process of creating a state-of-the-art administrator interface, putting the power to add new homes right at your fingertips. This new feature ensures that our property listings are always up-to-date, providing you with the latest options in your quest for the perfect home.

Immersive Visuals for an Unforgettable Experience

To elevate your user experience, we're incorporating captivating visual effects and seamless transitions throughout our website. Navigate through property listings with fluidity, and enjoy a visually stunning journey as you explore the affordable homes that await you.

Favorites Button: Your Home, Your Way

We understand the importance of personalization. That's why we're introducing a "Favorites" button, allowing you to curate a collection of homes that capture your heart. Easily revisit and compare your top choices, bringing you one step closer to finding the home that suits you best.

Database Connectivity for Effortless User Management

In our commitment to efficiency, we're establishing a robust connection to a database system. This ensures that your user data is securely stored, allowing for a seamless experience each time you visit. From saving your favorite homes to managing your preferences, our database connectivity is designed to streamline the process, making your journey with the Affordable Homes Hub smooth and enjoyable.

What are we going to do in the future?

The Future of Affordable Homes Awaits You!
